

## Tecra S1

The finest combination of scalability and value in corporate computing.

**Up to 5.4 hours of battery life**  
with standard battery

### Business performance

- Intel® Centrino™ mobile technology offers seamless wireless connectivity, longer battery life and thinner and lighter designs for exceptional mobile performance
- Up to five and a half hours of battery life with typical usage. Up to eight and a half hours with optional internal SelectBay battery
- Double storage capacity or extend battery life with a range of innovative Slim SelectBay accessories including DVD Multi drive, second battery or hard disk drive
- Advanced compatibility and capabilities with Secure Digital media and next generation wireless technologies

### Easy to deploy and manage

- Reduce the cost of evaluating, deploying and training users on new models with the consistent 'software image' and long lifecycles
- Common docking available with the optional Advanced Port Replicator III
- Move between various work locations with greater ease using pre-installed Toshiba ConfigFree™ software which simplifies the way you automatically connect to your wired and wireless network profiles

### Enhanced expandability

- Exchange information, video and multimedia files with other digital devices using Secure Digital™ (SD™) media
- Extra connectivity with 3 x USB 2.0 ports and 2 x PC Card slots

### A choice of 4 ways to connect

- Built-in dual-mode Wi-Fi™ 802.11b/g Wireless LAN
- Built-in Fast InfraRed
- Internal international V.90 modem (V.92 ready)
- 10/100 Ethernet port

Specifications Tecra S1		
Model	Tecra S1	
Processor / Technology	Intel® Centrino™ mobile technology including Intel® Pentium® M processor 735 (1.70 GHz, 400 MHz Front Side Bus, 2 MB 2nd level cache), Intel® PRO/Wireless 2200BG network connection and Intel® 855PM chipset	Intel® Centrino™ mobile technology including Intel® Pentium® M processor 755 (2.00 GHz, 400 MHz Front Side Bus, 2 MB 2nd level cache), Intel® PRO/Wireless 2200BG network connection and Intel® 855PM chipset
Operating system	Windows® XP Professional	
Display	15.0" XGA TFT display	15.0" SXGA+ TFT display
Hard disk	60 GB	
System memory	512 MB, maximum expandability: 2,048 MB, technology: DDR RAM	
Optical device	Slim SelectBay CD-RW/DVD-ROM drive	
Graphics adapter	ATI MOBILITY™ RADEON™ 9000, 32 MB DDR Video RAM	
Pointing device	Toshiba Dual Pointing Device consisting of integrated AccuPoint™ II and Touch Pad	
Wired communication	Ethernet LAN, international V.90 modem (V.92 ready)	
Wireless communication	Wireless LAN (802.11b/g dual-mode integrated network support), Fast InfraRed	
Sound system	ADI, 16-bit stereo, built-in stereo speakers, built-in microphone, volume dial	
Interfaces	DC-in, expansion bus connector, external microphone, external monitor, headphones, parallel (ECP), PS/2™ mouse or keyboard, RJ-11, RJ-45, SD™ Card slot, serial, TV-out (NTSC/PAL; RCA connector), 3 x USB 2.0	
Expansion	2 x PC Card Type II or 1 x PC Card Type III, connects to Advanced Port Replicator III (optional), 2 x memory slots (1 to configure)	
Battery	Technology: lithium-ion, maximum life: up to 5.4 hours (Mobile Mark™), battery life with optional 2nd battery: up to 8.5 hours (Mobile Mark™)	
Bundled software	Bluetooth™ Service Center, ConfigFree™, Connectivity Doctor, Drag'n Drop CD, online user and modem manual, Toshiba Management Console, Toshiba utilities and drivers, WinDVD™ 2000, Windows® XP Professional Service Pack 2, Norton Internet Security 2004 (90 day free trial version)	
Bundled hardware	AC adapter	
Special features	Common docking and options with other Toshiba notebooks, SM BIOS compliant, Toshiba Enhanced SpeedStep	
Security features	BIOS password, HDD password on request, keyboard lock, main memory (by screw), PC Card lock, set-up utilities, slot for Kensington Cable Lock, system password security, Wireless LAN switch	
Physical dimensions	W x L x H: 327 x 287 x 33.1/34.1 mm, weight: 2.92 kg	
Warranty	3-year international warranty. Upgrade your standard warranty with Toshiba warranty extension and uplift packs. Contact your nearest Toshiba Authorised Reseller for details.

CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections, complex modelling software and in areas with low air pressure at high altitude (1,000 metres above sea level) and/or certain temperatures. CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba web site: [computers.toshiba-europe.com](http://computers.toshiba-europe.com) and/or contact Toshiba Technical Support. • One GB means one billion bytes. • Wired and wireless communication capabilities to be applied in countries where approved. • Battery life may vary depending on applications, power management settings and features utilized. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that shipped with your computer or visit the Toshiba web site at [computers.toshiba-europe.com](http://computers.toshiba-europe.com). • Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology.
